Good Evening Paloma Community,

It has come to our attention that a staff member at Paloma has tested positive for COVID-19. We are not at liberty to share additional information regarding the specifics of the situation, however we are taking every precaution to keep our Paloma community safe. Due to the number of staff members that have been exposed and out of an abundance of caution, the District has decided to close the Paloma campus through September 18th. During this time, the school will be thoroughly disinfected. We continue to remain in close contact with District staff, local public health officials, and the San Diego County Office of Education to monitor the ongoing COVID-19 situation and we are committed to following all public health guidelines.

The office staff and administration will be working remotely and will be checking emails throughout the day. We will be monitoring our phone lines throughout the day and will return calls in a timely manner.

To report an absence, email Susan Delvecchio at susan.delvecchio@smusd.org.

For general questions, contact Ann Marie Marquez-Amador at annmarie.marquez-amador@smusd.org or (760)290-2163.

For all other questions, you may contact Dana Spencer at dana.spencer@smusd.org or (760) 290-2164 and Nicole Imoto at nicole.imoto@smusd.org or (760)290-2161.

Thank you for your continued support through this unprecedented time.
Stay safe Panthers!

Sincerely,

Dana Spencer
Principal
